

This note was sent along with a generous contribution and since then they have sent several more contributions to the work. We greatly appreciate every donation. We met the McGuires in AZ. We told them we were going to Custer, SD and work there for the summer. It was a surprise and very encouraging for them to visit us while we were there. --Perry

Last Sunday my wife & I drove 120 mile one way From Gillette, WY. To Custer S.D. and attended Church at Custer. We were impressed with Perry's preaching and I believe he is doing a very good work there.
