Dear brethren,

We wanted to let you know how very much we appreciate your concern for the lost, by sending out workers, who are willing and able, to go out into the community to plant the seed in the hearts of men.

We are so thankful that God's providence has provided Perry and Sandy Sexton to work with us here, even though for a short time, and look forward to fruits for a long time to come.

We are an older congregation, for the most part, having served as foot soldiers for Christ's cause in the past, however, no longer able to serve in this way because of physical hindrances. We have all been greatly encouraged to see Perry & Sandy spread the word. We shall continue to have friendship evangelism; and hopefully, glean the souls who will visit because of their efforts.

We have grown to love Perry & Sandy, even though their time with us has been brief. We hate to see them move on, and yet, we know we need to share their willingness to do this good work with others who need their labors so much.

May our Lord continue to bless you all with the ability to do even greater things to glorify God.

Our love in the Lord,
From the elders for the congregation, *Bill Reed*
