Attention: Elders of the Congregation

Dear Brethren:

Our congregation feels very blessed to have had the opportunity to meet Brother Perry and Sister Sandy Sexton during the past several weeks.

We have heard Brother Perry speak to us about their evangelistic work. Also, they have performed much-needed personal contact work within our immediate community and encouraged us to continue with that mission.

Our members feel that this type of work is needed throughout our nation. Because of that belief and our appreciation for the efforts that we have seen, we are enclosing a check for \$ _____ to go towards the Perry's working fund.

We appreciate congregations such as yours that are willing to sponsor this work and pray that such efforts will continue.
